Parr Is Not to Get \$1,000,000, Asserts

Part of \$135,000 Penalty

New York, Dec. 21.—Sugar frauds were again under investigation here yesterday, and hints thrown out unofficially led to the belief that another indictment against an individual believed to be "higher up" than men previously indicted might be returned by the federal grand jury. It had been indicated that a confession from some of the men already known to be involved in the sugar scandal was expected. Whether the indictment anticipated depended upon the reported confession could not be learned.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance, the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

The Red, White

And other constituents of your blood are powerfully enriched and vitalized by Hood's Sarsaparilla. It increases the red corpuscles and makes strong the white corpuscles, and thus protects and restores the health. It cures scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, that tired feeling, dyspepsia, loss of appetite, general debility and builds up the whole system.

It is today in the usual liquid form or in chocolate tablet form called Sarsatone.

WILL HARDLY GET A MILLION.

Parr Will Be Rewarded, But Not Extravagantly.

New York, Dec. 21.—While Deputy Solicitor Richard Parr's claim for a moiety of the amount recovered by the government through exposure of the sugar frauds at this port has been approved, it appeared probable, from the statements made by Collector of the Port William Loeb, Jr., yesterday, that Parr's share in the funds was not likely to be \$1,000,000, or anything approaching that sum.

The collector did not care to commit himself as to the probable reward for the man through whose work the sugar underweights were discovered.

Any statement as to the amount of the payment to be made to him would have to come from the secretary of the treasury, the collector declared.

A Peculiar Accident.

Little Falls, N. Y., Dec. 21.—Water scooped up by the locomotive of the New York Central's Boston and Chicago limited from a trough between the tracks near Herkimer yesterday, washed two unknown men from the front platform of the first car, where they were stealing a ride. They fell under the train and were killed.

DEPEW IS SARCASTIC

Senator Replies to Criticisms of LaFollette

INCLINED TO BE GRATEFUL

Effect of the Approaching Holidays Already Noted in Congress—Lurton Is Confirmed as Judge.

Washington, Dec. 21.—The holiday season is already on, so far as Congress is concerned, and the absence of many leaders was about the only notable thing in the sessions yesterday.

In the Senate, Mr. Depew of New York replied to a criticism of the president and himself in LaFollette's magazine, and the nomination of Judge Horace H. Lurton as an associate justice of the supreme court was confirmed.

In the House, the unanimous consent provision was applied for the first time under the modification of the rules enacted through the insistence of insurgents early in the last special session.

The legislation in point was a joint resolution, which was agreed to, providing for the improvement of the Tennessee river.

Senator Depew, in a sarcastic way, thanked Senator LaFollette for associating him with President Taft in a general criticism that appeared in a recent issue of the Wisconsin senator's magazine. Mr. Depew spoke at length. He said that the nation "is now burdened with a pessimistic prophecy" coming from Senator LaFollette of Wisconsin.

"His holiday greeting," said Mr. Depew, "is a severe criticism of the president and myself. I thank him heartily for this association."

Although the senator from Wisconsin was out of the chamber, the New Yorker looked toward the customary seat of his colleague and said that he trusted "that when, after the Christmas dinner, the Wisconsin senator's hands are clasped soothingly over the resting place of his Christmas turkey, his sleep will be blessed with happy dreams for 1932 and his digestion unimpaired, because his heart, like mine, will be free from envy, hatred, malice and all uncharitableness."

The silent phalanx of Brownsville still remains impregnable. So far, the court of inquiry into the shooting up of the Texas town has been unable to get any of the witnesses who volunteered to appear before it, with a view of getting a clear bill of health under the Foraker act, to divulge the names of the soldiers said to have participated in the shooting.

VERY COLD IN MONTEREY.

Freezing Weather Causes Much Suffering Among the Poor.

Monterey, Mexico, Dec. 21.—A norther struck Monterey early Sunday, accompanied by rain and sleet, and the temperature touched six degrees below freezing. This is the coldest it has been in Monterey for twelve years. There is considerable suffering among the poor, and public buildings were opened to them Sunday night. The mountains surrounding the city are covered with snow. This is unusual. A heavy snowfall is reported from Saltillo.

MAKES HEAD TAX \$10.

New Immigration Bill by Representative Gardner.

Washington, Dec. 21.—Representative Gardner of Massachusetts introduced yesterday, by request of the Immigration Restriction league of Boston, an immigration bill like his own, but with the additional feature of increasing the head tax from the present rate of four dollars to ten dollars. Both bills prescribe an educational test.

"UNSUITED TO PRESENT NEEDS."

So Dr. Whitney Calls U. S. Constitution.

Washington, Dec. 21.—Declaration that the constitution of the United States is unsuited in part to the needs of the present generation was made by Dr. Harvey W. Wiley, chief of the bureau of chemistry, at a meeting here Sunday of the Secular league.

The defect to which he pointed in particular is the provision which, he said, renders partially inoperative the pure food law and compels the government to continue its supervision of the food-packing industry to articles intended for

MORE MARK TWAIN JOKES.

Comments on Poker, Euchre and Woman Suffrage.

New York, Dec. 21.—"That was a poker game in which Major Genter got all I had; how he comes back at me and wants all I have left," said Samuel Clemens (Mark Twain) yesterday, when told of the invitation of Major Genter of St. Louis to play off at his home on Christmas eve a game that began in 1865 and lasted four years. Mr. Clemens settled himself back in his steamer chair on the steamer Bermudian, which had just arrived from Bermuda, and addressed his listeners.

"Now Major Genter is mistaken in his dates. It seems to me I was in jail about the time he has reference to," Matthias Dougherty, the third surviving member of the St. Louis Euchre club, has been invited to join in the euchre game. Mr. Clemens did not indicate whether he would accept Major Genter's invitation.

"Speaking in a serious vein of the suffragist movement, Mr. Clemens said: 'I have been an advocate of the cause of woman's suffrage for fifty years.' The aged humorist said he was suffering with an ailment in the left breast, which, he said, had been troubling him for some time.

HEROINE OF BURGLAR HUNT.

Woman Responsible for Capture of Two Men in Oyster Bay.

New York, Dec. 21.—Thieves who struck down a watchman as they were robbing a store in Oyster Bay did not reckon with his wife, who was following him. As a consequence of the woman's interference, when the fight was over one burglar was shot, a second was unconscious and the third was removing himself from the scene so fast he could not be overtaken. Mrs. Richard Golden, wife of a Long Island railroad employee, was the heroine of the affair. Golden started on a burglar hunt. His wife followed, carrying a large stick. Golden saw suspicious lights in Thompson's store and investigated. He found three men working over the safe and piling up goods. "Hands up!" Golden yelled. The men obeyed, but as Golden approached, one of the robbers felled him with a club and the three pointed upon him. They had not seen the young woman following. She struck down two of the robbers with her club and stunned a third man who was grappling with Golden. Golden freed himself and fired at the half stunned man as he rose and turned to run. The young man fell with a bullet in his side. One of the others recovered his senses and fled. When Golden and other watchmen returned from a vain pursuit they found Mrs. Golden standing with her club threatening the wounded man who was attempting to rise. Both men are under arrest. The wounded man may recover.

WOULDN'T TELL REASON.

Why He Shot Himself During Visit Last Evening.

Worcester, Mass., Dec. 20.—George Mahabi, 26 years old, a Syrian, who lived at 41 Norfolk street, ended his life while visiting friends at 118 Shrewsbury st., last night. He lived for three hours after shooting himself, but refused to give any reason for his act.

Mahabi went to visit Joseph George and Nicholas Ahker in the evening and according to the story told the police by these men, he went upstairs on some pretext, drew a revolver and fired a bullet into his neck. The ball lodged at the base of the skull. Mahabi was conscious when taken to the city hospital, but died at 11 o'clock.

New York, Dec. 21.—A clean shaven, well dressed man wandered into a police station Sunday night and said with great solemnity:

"About 10 days ago, while walking down Broadway, I saw in a jeweler's window a big green stone. Ever since I have felt an impelling desire to commit suicide. It's so strong to-night that if I am not taken in charge I shall certainly do away with myself."

He was locked up as requested.
